

PEC SAFE SUPERVISOR

Hours	Prerequisite	Hands-on Training	Refresher Training Required
6-8 hours	No	No	N/A

SUMMARY

PEC Safe Supervisor is a leadership course designed to provide an introduction to a supervisory position by defining the roles and responsibilities of a supervisor. This course includes key aspects of a supervisor's job, including continuous crew assessments, communicating effectively, implementing change, dealing with difficult workers, and mitigating hazards.

CERTIFICATIONS

Upon successful completion of the course, a student's record is updated to reflect the certifications the student has met through this course on their PEC ID card and in PEC Training Tracker. Employers may verify student training on the PEC ID card or online at www.PECCard.com.

COURSE EVALUATION

Students receive written exams to verify competency in PEC Safe Supervisor topics.
